

2 = TBI with PTA
 U = Undetermined

*Observed Loss of Consciousness (LOC)
 = YES if witnessed by an observer
 = NO if based on own experience

1 = TBI without PTA
0 = No TBI

- For Dazed=YES to be valid, it has to be Immediate, AND duration must be between 30 seconds to 24 hours
- For Confused = Yes to be valid, it has to be Immediate, AND duration must be between 30 seconds to 24 hours
- For Saw stars = Yes to be valid, it has to be Immediate, regardless of duration
- For head struck = Yes, head was struck OR head hit something must be selected

Note: For interview coding of dazed and confused, less than 30 seconds is coded as 0 minutes; so valid duration is 1 minute to 24 hours.
