

Other Potential Concussive Event Cue Card

Ask the following questions for each PCE (that does/did not undergo CDI) and record on the corresponding Other PCE Mapping Table a-d.

1. For this head (or neck) injury [**if > 1 injury then replace “this” with “the first”, “the second”, and so on as indicated**], please tell me the approximate date, month and year, that it occurred .
2. Did this event occur during a military combat deployment?
3. From the list of injury causes that I will read to you in a moment, please tell me what you think caused this event:
Motor vehicle accident, Fall, Assaulted or struck by person, Hit by something (struck by object), Sports collision, Shot in head, Mortar, IED, Land mine, Grenade (including RPG), C4, Artillery, Bomb, Rocket (includes Missile), Mixture of explosive, Breaching charge, (Training) simulation, None of the above. If “none of the above” ask “What caused this injury?” and add the free text in the “cause” column.
4. Please describe briefly in 1-2 sentences what took place.
5. From the incident on ____ (date) which you described this way [read back description] were you knocked out or did you lose consciousness (LOC)?
5a. If YES, ask: How long were you unconscious?
6. Do you have any memory gap around the event with no personal recall of the impact or right afterwards?
7. Were you dazed right after this incident?
